

Increased bone decalcification ...affects the mobility and quality of life .....  
from osteoporosis to normal bones .... for the management of bone health

# Rx **Cormocal Forte**

Tablets

Each film coated tablet contains :  
Calcium Citrate Malate IP 500 mg + Zinc 7.5 mg + Magnesium Oxide 50 mg +  
Vitamin D3 1000 IU + Vitamin K2-7 : 50 mcg

## Calcium Citrate Malate

- ★ Better absorbed ( 2.5 times) and easier to digest than calcium carbonate regardless of gastric ph, milk and food.
- ★ Increase bioavailability ( 27%) than calcium carbonate.
- ★ Improves BMD.
- ★ No chelate formation with iron.
- ★ No constipation, gaseous distention and renal calculi.
- ★ Aids in building bone tissues and hastens healing in fractured patients.

## Zinc and Magnesium

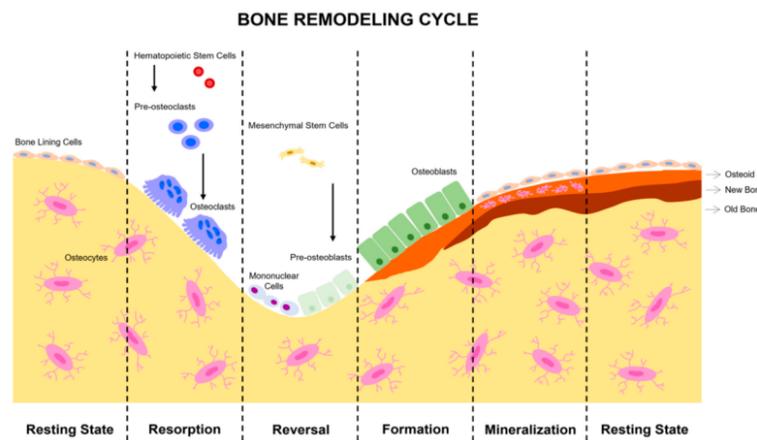

- ★ Required for bone protection and maintaining bone mineral density.

## Vitamin K2 7

- ★ Helps in treating osteoporosis and steroid induced bone loss ensures osteoblast activity.

## Vitamin D3

- ★ Helps in faster absorption of calcium and maintenance of healthy bones.

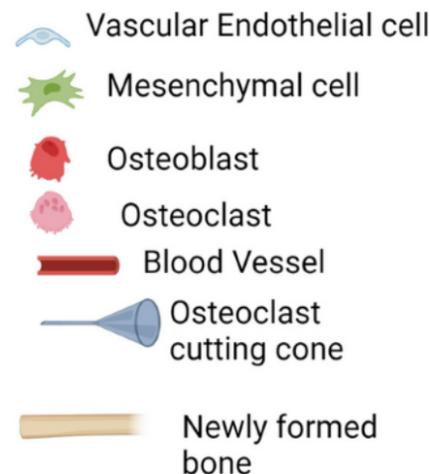

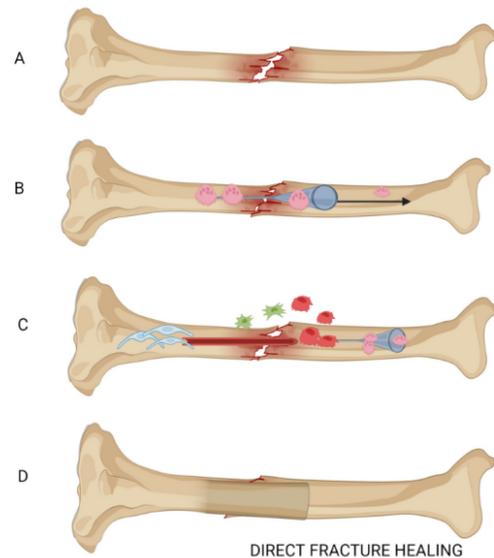

**True source of strength to make bone healthy**

For faster fracture healing, severe osteoporosis & post menopausal osteoporosis

Rx **Cormocal Fast**  
Tablets

Each film coated tablet contains :  
Calcium Citrate Malate 500 mg + L-Methyl Folate 1 mg +  
Cissus Quadrangularis 500 mg + Vitamin D3 25 mcg + Vitamin K2 45 mcg

### Cissus Quadrangularis

- ★ Reduces the fracture healing time by almost 2 weeks improve callus strength and ensure proper bone union.

### Calcium Citrate Malate

- ★ High bioavailability calcium source

### Vitamin K2

- ★ Directs calcium to bone and prevents vascular calcification

### Vitamin D3

- ★ Helps in faster absorption of calcium and maintenance of healthy bones.

### L-Methyl Folate

- ★ Active folate for cell regeneration

For faster bone healing and long term skeletal strength

**ACIDITY**

*In Acid Peptic Disorders*

**R<sub>x</sub>** **Coromorab-D**  
Capsules

Each hard gelatin capsule contains :  
Rabeprazole Sodium IP 20 mg  
(As enteric coated pellets)  
Domperidone IP 30 mg  
(As sustained release pellets)

The **different** PPI

**Rabeprazole**

- ◆ Ensures fastest symptomatic relief
- ◆ The most potent PPI with round the clock relief
- ◆ Gastro Resistant

**Domperidone**

- ◆ Provides relief from nausea & vomiting\*
- ◆ Decreases acid reflux & speeds up gastric emptying\*
- ◆ Sustained release

Target pain and inflammation at the source with once-daily

R<sub>x</sub>

# Etoricoxib-90

Each film coated tablet contains :  
Etoricoxib IP 90 mg.

Tablets

Gouty Arthritis

Spondylitis

Dental Pain

Osteoarthritis

Chronic Low Back Pain

## Climb Over Pain

- ◆ Highly selective cox II inhibitors.
- ◆ Superior gastrointestinal tolerability.
- ◆ Rapid & durable treatment effects in patients with OA of the knee and hip.
- ◆ Delivers rapid & powerful relief of excruciating pain with anti Inflammatory power similar to indomethacin in acute gouty arthritis.
- ◆ Rapid onset of action within 15 minutes

Powerful Cox-2 Inhibitor in moderate to severe pain...

**Muscle Spasm & Pain... Commonly associated with each other**

Rx **Etoricoxib-TH 4**

Each film coated tablet contains :

Etoricoxib IP 60 mg  
Thiocolchicoside IP 4 mg

**Tablets**

***Smartly relieves pain and muscle spasm***

**ETORICOXIB**

☞ Selective COX-2 inhibitor, exhibits rapid onset of action within 20 minutes with strong anti-inflammatory & analgesic effects

**THIOLCHICOSIDE**

- ☞ Relieves muscle spasm and restores mobility
- ☞ Safer than Chlorzoxazone and Tizanidine
- ☞ Preferred option for low back pain with muscle spasm

**Effective In**

Osteoarthritis  
Rheumatoid Arthritis  
Ankylosing Spondylitis

Acute Gouty Arthritis  
Low Back Pain &  
Muscle Spasm

Sprains & Strains Torticollis  
Degenerative Vertebral Disorders  
Traumatological & Neurological Disorders

**A superior choice in painful musculoskeletal spasm**

# in Neuralgia

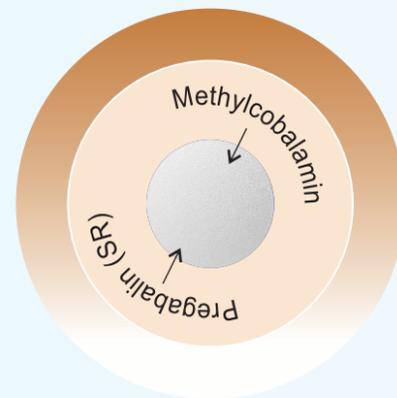

associated with Diabetic Neuropathy, Peripheral Neuropathy, Spinal cord injury & Fibromyalgia

## Rx **Corgaba-M 75** Tablets

Each uncoated tablet contains:  
Pregabalin IP 75 mg  
(In Sustained release form)  
Methylcobalamin IP 1500 mcg

### Combination for Neuropathic Pain

- Pregabalin has 6 times greater analgesic action in Neuropathic pain than Gabapentin<sup>1</sup>
- 74% reduction in neuropathic pain within first 4 weeks of the treatment<sup>2</sup>

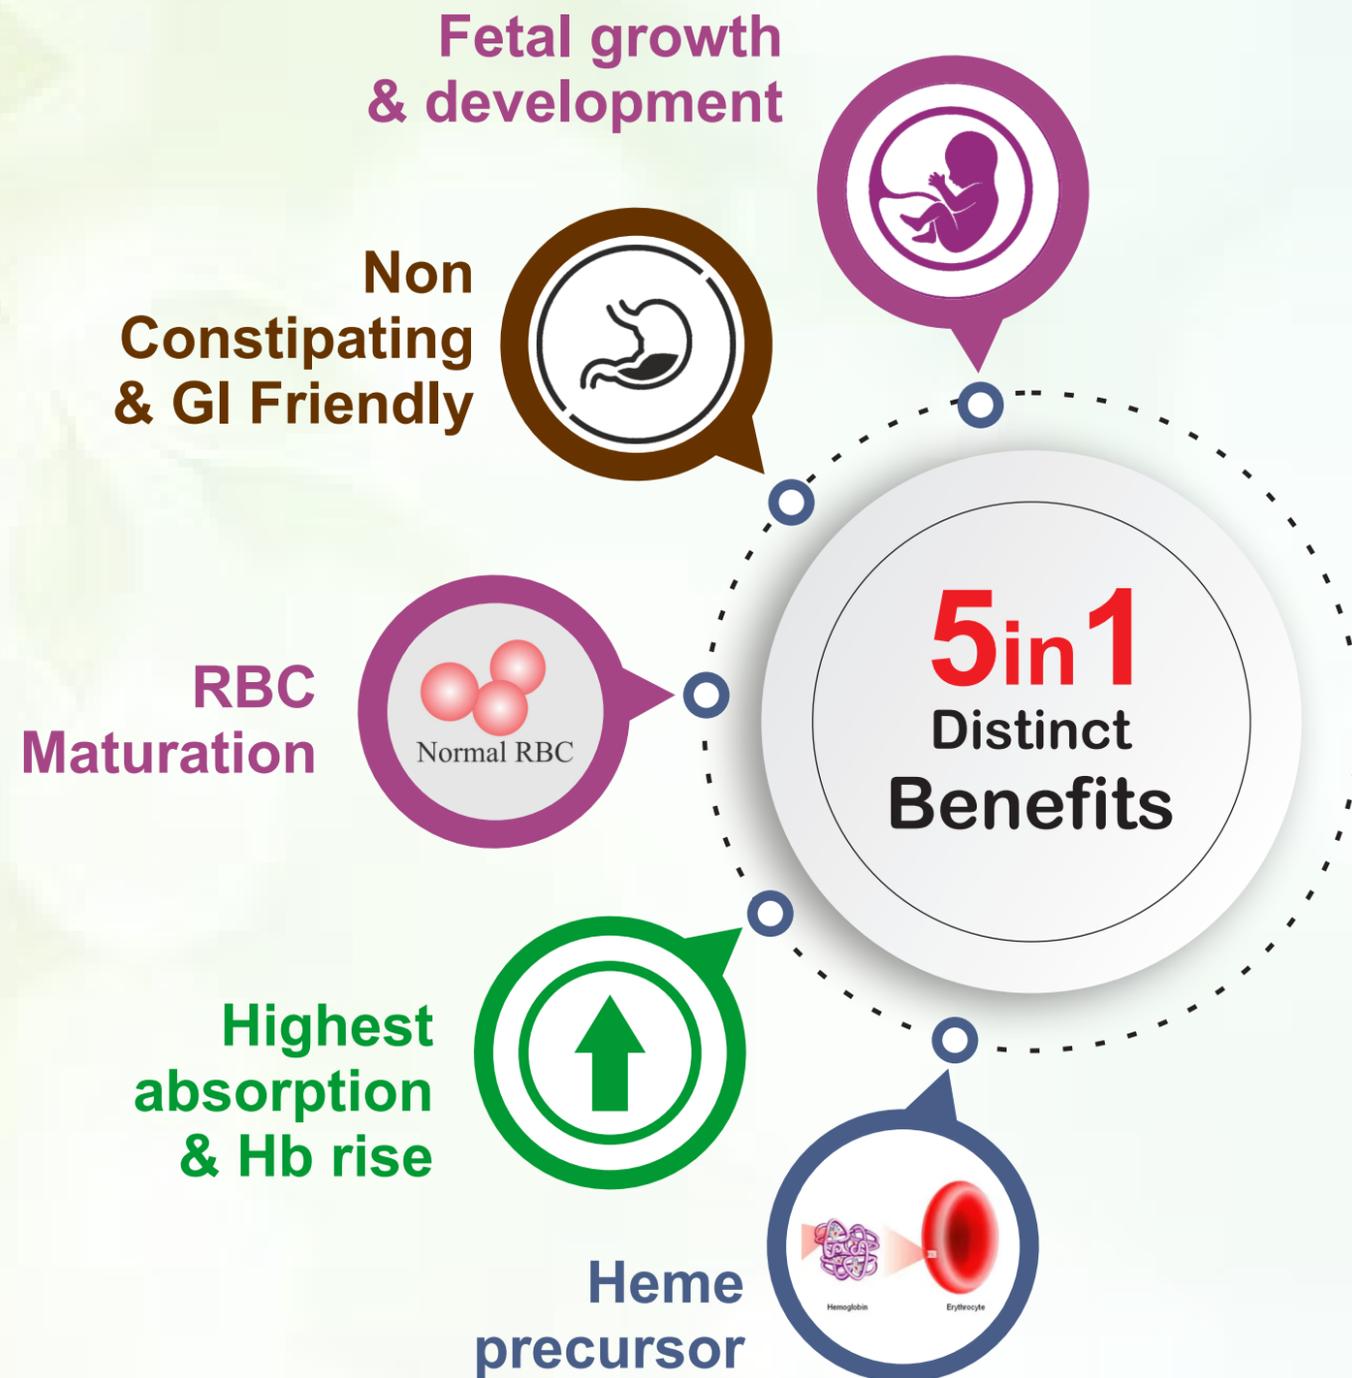

### OD Dose Advantage

- Pregabalin in sustained release ensures better patient adherence
- Lesser somnolence ensures better work efficiency
- Pain score reduction to 72.3% within 2 weeks of treatment<sup>3</sup>

**Brings Back the Action in Neurons**

**For Round the  Clock Pain Management**

# A CLASS Apart Hematinic

# Rx **Corfe-XT** Tablets

Each film coated tablet contains: Ferrous Bisglycinate, Eq. to elemental Iron 60 mg, Folic acid IP 1mg, Zinc Bisglycinate IP, Eq. to elemental Zinc 15mg, Methylcobalamin IP 500 mcg

## 2 Nutritionally Functional Chelate

### Ferrous Bisglycinate<sup>1</sup>

#### Only non-constipating iron

- Highest Absorption, 90.9%
- Hb rise 2.3 gm/dL in 4 weeks
- Can be co-prescribed with any calcium supplement
- USFDA approved as GRAS

### Zinc Bisglycinate<sup>2,3</sup>

- 4 times higher absorption than zinc sulphate
- A rise of over 40% in blood serum level of zinc
- Act as an antioxidant

## 2 Maturing Factors<sup>4</sup>

### Folic Acid & Mecobalamin

- Helps in maturation of RBCs

## 1 Heme Precursor

### Glycine<sup>5</sup>

- Act as a precursor of heme synthesis
- Helps in production of natural antioxidant, Glutathione

*Delivers **X**Tra Iron*

*...**X**Tra Safety*

RELIEF FROM  
**SPASM**

## DYSMENORRHEA

*Very Painful...*

**10 times higher Prostaglandin Levels (PG F2a, PGE2)\***

**Prologed uterine contractions**

*Need is*

**POTENT & POWERFUL**

**Anti inflammatory, Analgesic  
& Antispasmodic**

R<sub>x</sub>

# Drotacor-M

Tablets

Each film coated tablet contains :

Drotaverine Hydrochloride IP 80 mg

Mefenamic Acid IP 250 mg

- ▶ Onset of action in 5 min.
- ▶ Pain relief in 12 mins
- ▶ Free from anticholinergic side effects
- ▶ Safe in Hypertension, BPH & Glaucoma
- ▶ Mefenamic acid reduces menstrual blood loss by 47%

*Also recommended in*

- **Post MTP / D & C**
- **IUCD" Insertion**
- **Gynecological procedures**

In Abdominal/Biliary/Renal Colic Pain Due to Renal Calculi Post Lithotripsy

R<sub>x</sub>

NEWER, FASTER & SAFER

# Drotacor-M

Tablets

Each film coated tablet contains :

Drotaverine Hydrochloride IP 80 mg

Mefenamic Acid IP 250 mg

Alu Alu Perforated Pack

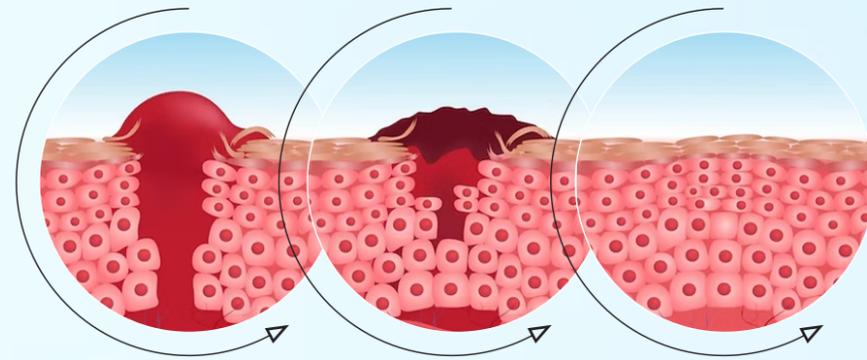

*Faster Onset  
of Action  
than*

Times

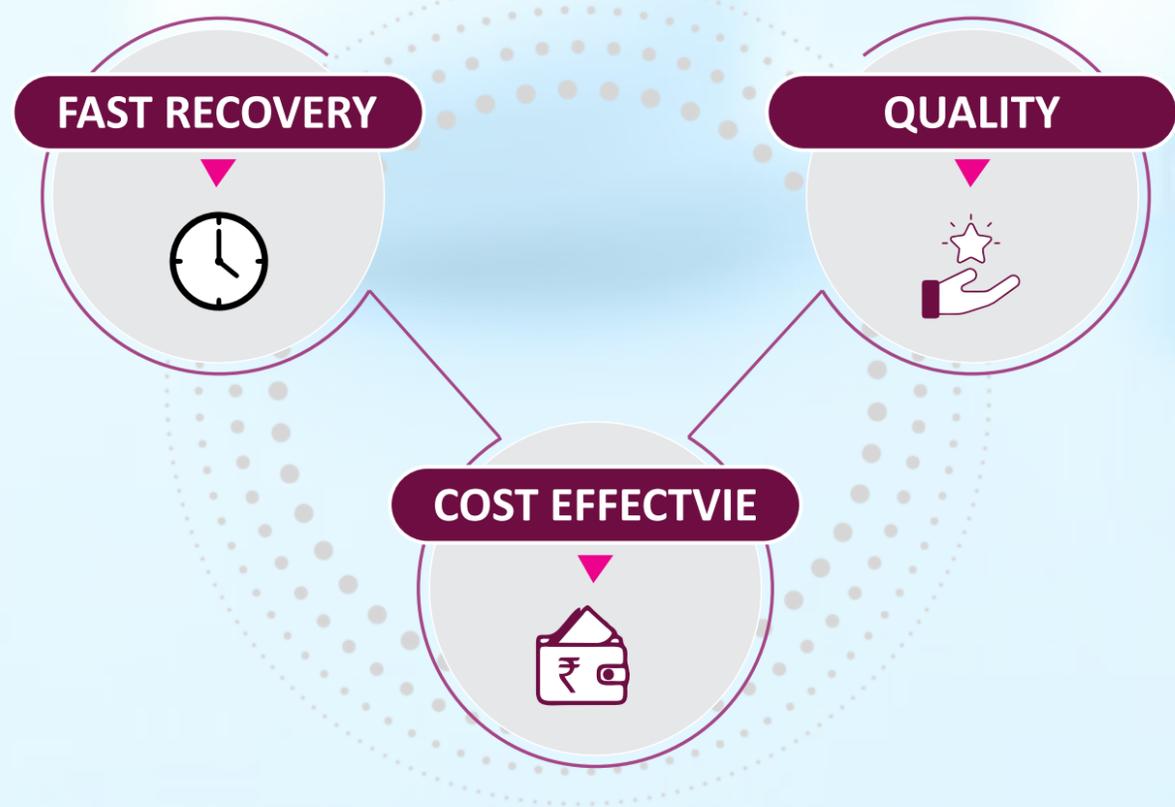

- 🕒 **Therapeutic Dose - Drotaverine 80 mg**
- 🕒 **Free from anticholinergic side-effects** like (tachycardia, blurring of vision, constipation, dryness of mouth & urine retention)
- 🕒 **Safe in hypertension & glaucoma patients**

*Non-anticholinergic Antispasmodic*

## Wound Healing

Should be

For Faster **Wound Healing**

# Rx **Cormoflam-D**

Tablets

Each film coated tablet contains :  
 Trypsin BP 48 mg  
 Bromelain 90 mg  
 Rutoside Trihydrate BP 100 mg  
 Diclofenac Sodium IP 50 mg

Starts Action from

- Used as an adjuvant therapy in combination with antibiotics to potentiate action of latter<sup>1,2,3</sup>
- Bromelain reduces the average number of days for complete disappearance of pain & inflammation post surgery<sup>3</sup>

Group	Optimum pH required...
Trypsin-Chymotrypsin <sup>1</sup>	7
Serratiopeptidase <sup>2</sup>	9
<b>Cormoflam-D</b>	<b>4.5 - 9.8</b>
